§ 660.331 Limited entry and open access fisheries—general.

All commercial fishing for groundfish must be conducted in accordance with the regulations governing limited entry and open access fisheries, except such fishing by treaty Indian tribes as may be separately provided for.

§ 660.333 Limited entry fishery-eligibility and registration.

(a) *General.* In order for a vessel to participate in the limited entry fishery, the vessel owner must hold (by ownership or lease) a limited entry permit and, through SFD, must register that permit for use with his/her vessel. When participating in the limited entry fishery, a vessel is authorized to fish with the gear type endorsed on the limited entry permit registered for use with that vessel. There are three types of gear endorsements: trawl, longline, and pot (or trap). A sablefish endorsement is also required for a vessel to participate in the primary season for the limited entry fixed gear sablefish fishery, north of 36° N. lat. A limited entry permit confers a privilege of participating in the Pacific Coast limited entry groundfish fishery in accordance with Federal regulations in 50 CFR part 660.

(b) *Eligibility.* Only a person eligible to own a documented vessel under the terms of 46 U.S.C. 12102 (a) may be

issued or may hold a limited entry permit.

(c) *Registration.* Limited entry permits will normally be registered for use with a particular vessel at the time the permit is issued, renewed, transferred, or replaced. If the permit will be used with a vessel other than the one registered on the permit, the permit owner must register that permit for use with the new vessel through the SFD. The reissued permit must be placed on board the new vessel in order for the vessel to participate in the limited entry fishery.

(1) Registration of a permit to be used with a new vessel will take effect no earlier than the first day of the next major limited entry cumulative limit period following the date SFD receives the transfer form and the original permit.

(2) The major limited entry cumulative limit periods will be announced in the FEDERAL REGISTER with the harvest specifications and management measures, and with routine management measures when the cumulative limit periods are changed.

(d) *Limited entry permits indivisible.* Limited entry permits may not be divided for use by more than one vessel.

(e) *Initial decisions.* SFD will make initial decisions regarding permit endorsements, renewal, replacement, and change in vessel registration. SFD will notify the permit holder in writing with an explanation of any decision to deny a permit endorsement, renewal, replacement, or change in vessel registration. The SFD will decline to act on an application for permit endorsement, renewal, transfer, replacement, or registration of a limited entry permit if the permit is subject to sanction provisions of the Magnuson-Stevens Act at 16 U.S.C. 1858 (a) and implementing regulations at 15 CFR part 904, subpart D, apply.

(f) *Limited entry permits indivisible.* Notwithstanding paragraph (d), a trawl-endorsed limited entry permit that was created between December 31, 2006, and May 14, 2007 by aggregating multiple limited entry permits under § 660.335(b) may be disaggregated back
